Performance you can trust, value you can afford.

Alcohawk has been a leading provider of professional grade Breathalyzers throughout United States. Track your Blood Alcohol Level from AlcoHAWK Breathalyzers by Quest Products, Inc.

AlcoHAWK Slim Breathalyzer

The AlcoHAWK® Slim breathalyzer is one of the most affordable and accurate semiconductor breath alcohol screening devices on the market. It features a sleek personal design roughly the size of a cell phone made of impact resistant abs material. The unit screens for the presence of alcohol quickly and is an ideal solution for a discreet easy-to-use unit. The Slim is equipped with a clear Ruby Red L.E.D. display. The unit comes pre-calibrated ready for use. The AlcoHAWK® Slim breathalyzer has also been upgraded to use a folding mouthpiece design for maximum portability yet also has the ability to attach disposable mouthpiece covers (3 included) for sanitary use by multiple users!

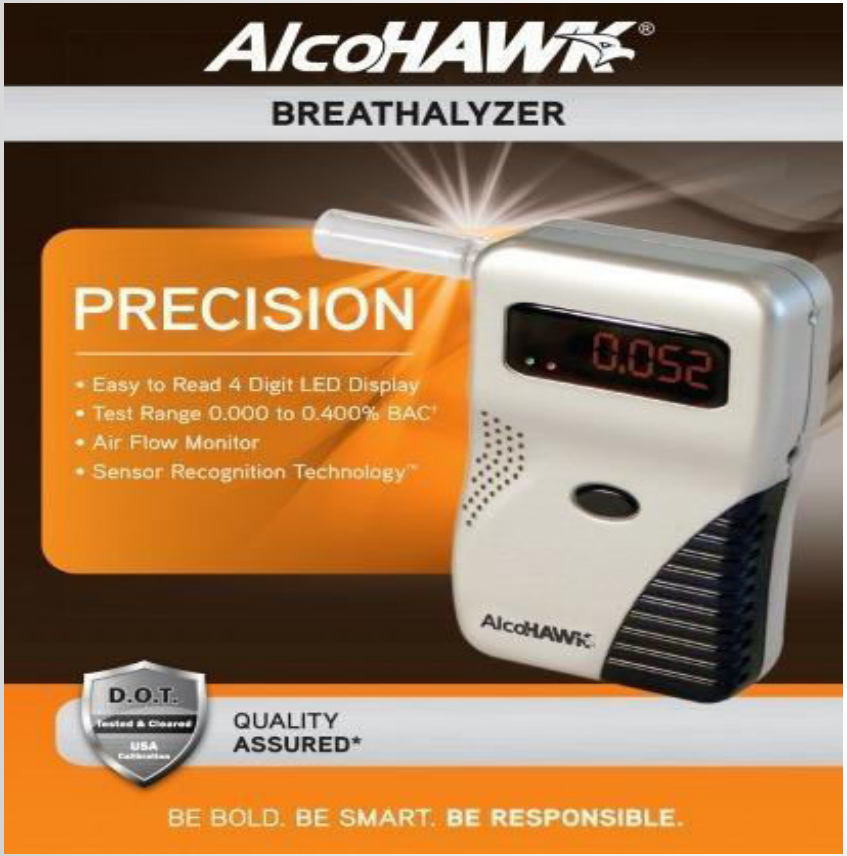
AlcoHAWK Ultra Slim Breathalyzer

The AlcoHAWK® Ultra Slim, introduced in 2010 by Q3 Innovations to the AlcoHAWK® Series line of digital breath alcohol testers. Operating on a single button, simply blow into the folding mouthpiece for an accurate BAC reading in seconds. The AlcoHAWK® Ultra Slim also includes removable mouthpiece covers that allow you to test multiple individuals in a sanitary fashion. The sleek design also makes the AlcoHAWK® Ultra Slim very compact and easy to carry for personal use. It is the ideal solution for someone looking for a portable tester with professional quality with a consumer design and feel. Has obtained FDA 510K Premarket Clearance.

AlcoHAWK Elite Slim Breathalyzer

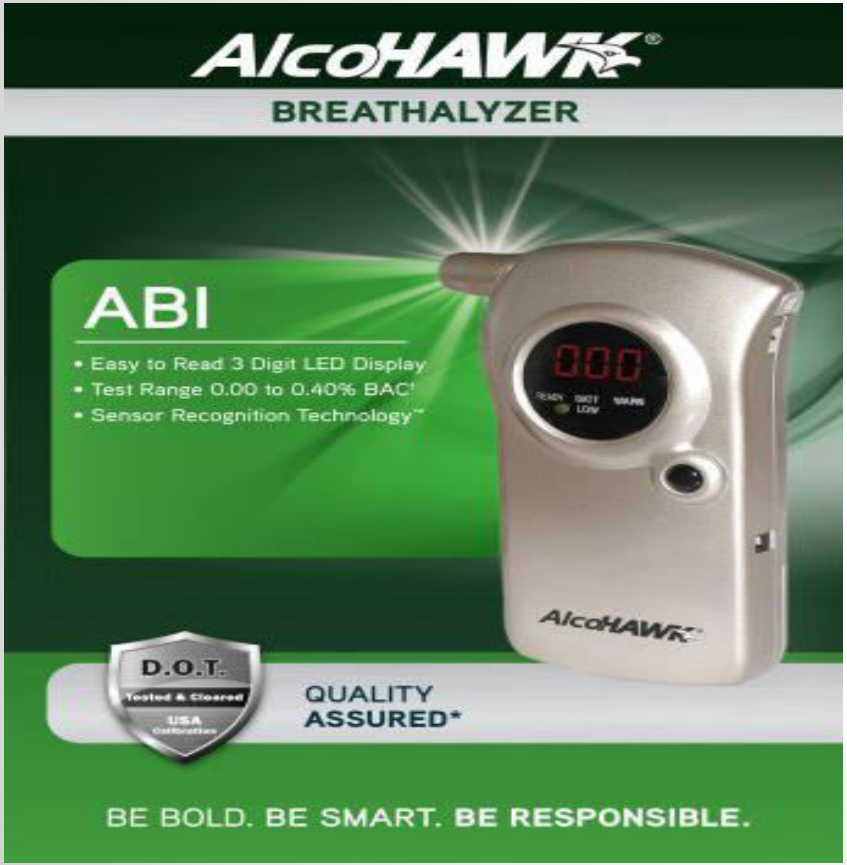
The AlcoHAWK Elite Slim follows the same sleek and compact style as the original Slim, but is 30% smaller. Operating on a single button, simply blow into the folding mouthpiece for an accurate BAC reading in seconds. The AlcoHAWK Elite Slim also includes removable mouthpiece covers that allow you to test multiple individuals in a sanitary fashion. This unit is equipped with rounded corners and a bright blue back-lit LCD display. The sleek design also makes the AlcoHAWK Elite Slim very compact and easy to carry for personal use. It is the ideal solution for someone looking for a portable tester with professional quality with a consumer design and feel. Meets DOT/NHTSA Model Specifications for Breath Alcohol Screeners.

AlcoHAWK Precision Breathalyzer



The AlcoHAWK® Precision is one of the most popular units in the AlcoHAWK series line. It features a robust design made of impact resistant abs material. The unit screens for the presence of alcohol quickly and is an ideal solution for portable tester with professional quality. This unit is equipped with a clear Ruby Red L.E.D. display. The AlcoHAWK Precision has also been upgraded with new technologies to improve it's breath capture accuracy making this model ideal for no tolerance screening. Comes in a gift box, includes 5 mouthpieces, leather-like carry case, manual, quick start guide and 1 year warranty. DOT Conforming Breath Alcohol Screener.

AlcoHAWK ABI Breathalyzer



The AlcoHAWK® ABI professional-grade alcohol screener utilizes a state-of-the-art semiconductor oxide sensor to quickly screen for the presence of alcohol on the breath. The simple one-button operation provides a digital reading in seconds. The AlcoHAWK® ABI features a sleek design and incorporates Sensor Recognition Technology™ to monitor for certain types of abnormal sensor conditions. Look for the Sensor Recognition Technology™ logo below to ensure you are getting the optimal technology with the AlcoHAWK® ABI. DOT Conforming Breath Alcohol Screener.

AlcoHAWK Beacon Breathalyzer

Each of the AlcoHAWK breathalyzers has features and capabilities that make it unique from our other breath alcohol analyzer models. The AlcoHAWK Beacon breathalyzer, for example, has many of the same features as our other AlcoHAWK breathalyzers, but with some more advanced elements added such as a maintenance self-check, test counter, test memory, audio & visual BAC alerts, and an ambient temperature display.

The AlcoHAWK Beacon is our latest unit with a folding mouthpiece. Blow into the folding mouthpiece for an accurate BAC reading in seconds. The AlcoHAWK Beacon also includes removable mouthpiece covers that allow you to test multiple individuals in a sanitary fashion.

Disposable Breathalyzer

Traditional digital breath alcohol testers are a great investment for buyers looking to test several times in a month or multiple times in one day. A disposable breathalyzer is a more cost-effective option for individuals testing themselves or loved ones just a few times or less every month.
This single-use disposable breath alcohol tester is accurate and easy to use. Within two minutes, anyone can test whether they are within the legal alcohol limit. Tests are conducted quickly and results are available almost immediately. Order more than one disposable breathalyzer and share with friends and family!

iHAWK Breathalyzer for Smartphone

iHAWK Breathalyzer by AlcoHAWK provides professional grade Fuel-Cell accuracy and wirelessly connects to your Smartphone via Bluetooth!

The iHAWK Breathalyzer quickly and accurately estimates your Blood Alcohol Content (BAC). But, it doesn't stop there – the iHAWK transmits your BAC results wirelessly to your Smartphone helping you monitor your BAC levels and allowing you to make smart, responsible decisions when consuming alcohol!
